---

The best panoramic creation software I've ever used is the free PhotoStitch 3.1 software Canon has been giving away with their digital cameras for years. By far the best free software seems to be Hugin. It's very powerful and a bit complex.

From organizing the latest home improvement project to making sure your shopping trip fits within your budget envelopes for this month, Omnifocus 2 is the ideal complementary app to your finance pursuits.

#### best stitching software
